**Re: The University of Montana (FRN 0001-6245-27)
Station KUFM-DT, Missoula MT Facility ID #66611
Request for Dismissal of Request for Waiver of the
Replication/Maximization Interference Protection Deadline**

Dear Ms. Dortch

On June 29, 2006, in accordance with the procedures set forth in *Public Notice, DA 06-1255 (DTV Channel Election Issues)*, released June 14, 2006, the University of Montana ("UM"), permittee of Station KUFM-DT, Missoula, Montana, filed a request for a six-month waiver of the July 1, 2006 replication/maximization interference protection deadline established by the Commission in Paragraph 78 of the *Second DTV Periodic Review Report and Order*, 19 FCC Rcd 18279 (2004).

Today, UM filed a Form 302-DTV license application (File No. ARN-20061129AOS) in compliance with the application requirements of the *Public Notice* (KUFM-DT was already in Paragraph 78 operational compliance). It is undersigned counsel's understanding that, under these circumstances, the subject waiver request is not necessary. Hence, UM respectfully requests dismissal of its June 29, 2006 waiver request.

Please direct any communications or correspondence concerning this matter to the undersigned.

Sincerely

Jerold L. Jacobs
